The safety of footwear designed for use in the workplace is the subject of an EC Type Examination in accordance with Article 10 of the PPE Directive (89/686/EEC) and related amendments and considerations in EN ISO 20344:2011 and intermediate standards for products.

It has been shown through standard testing to the satisfaction of the examination expert that the technical file is complete and correct.

Each year an audit is carried out to ensure the integrity and accuracy of the data for the products. It is after the audit that the Article 10 of the PPE Directive is satisfied.

The test report may be obtained from the Intertek website. For more information, please contact the Intertek Customer Service Department. Tel: +44 (0)116 2241116 Fax: +44 (0)116 2241117
